

Puget Sound Human Factors and Ergonomics Society

ISSUE 1, 2020

THIRD QUARTER

A Message from the President

Dear PSHES members:

Greetings! We wanted to let you know that PSHFES is alive and well! During these difficult times, we are working hard to provide safe and meaningful events for PSHFES members to participate with us and the broader HFES community. I hope you have enjoyed the recently concluded **free Webinar (Industrial Exoskeletons 101)** sponsored by our local chapter.

PSHFES is planning a **virtual symposium for 2020 on September 17th**, so save the date (see Page 2)! We will be hosting some great speakers with engaging content as well as great information from our sponsors and their latest offerings. The event is tentatively scheduled to last six hours and will have thought-provoking talks as well as virtual interactions with sponsors. If you can't attend the entire event, that is okay, as there will be a wide range of content presented throughout the day. Please keep an eye on your inboxes as we update you with the program agenda. We look forward to seeing out at the event.

Thanks again for supporting PSHFES. See you soon at the 2020 Annual Symposium!

Randy Pickett, MA

A Message to our Loyal Sponsors

For Sponsorship and Exhibiting your products, please contact the following:

Gus Arroyo, BSI EHS Services and Solutions

Email: Jose.Arroyo@bsigroup.com

OR

Kimo Hudson, Holman Logistics

Email: Kimo.Hudson@gmail.com

We've Gone Virtual! The PSHFES is pleased to present:

THE ANNUAL HUMAN FACTORS AND ERGONOMICS SYMPOSIUM SEPTEMBER 17, 2020

Save the date!

The Puget Sound Chapter of the Human Factors and
Ergonomics Society

THANK YOU, 2018 ANNUAL SYMPOSIUM SPONSORS

The PSHFES Executive Council (2020-2021)

President	Randy Pickett, Safran Cabin Materials, LLC
Immediate-Past President	Rammohan Maikala, Providence St. Joseph Health
Treasurer	Trevor Bryant, Concentra
Communications Chair	Carrie Lin, The Boeing Company
Newsletter Editor	Rammohan Maikala, Providence St. Joseph Health
Program Events Co-Chairs	Lynnda Dee English, Solutions Northwest, Inc. Gus Arroyo, BSI EHS Services and Solutions
Symposium Chair	Niki Howard, SHARP, Dept. of L & I
Exhibitor Liaison	Gus Arroyo, BSI EHS Services and Solutions Kimo Hudson, Holman Logistics
Director	Gary Davis, The Boeing Company

Mission Statement

- Provide opportunities for professional development, networking, workshops, and education for local Human Factors and Ergonomics (HFE) professionals, students, and enthusiasts.
- Raise public awareness of the value and benefits of HFE.
- Provide volunteer opportunities for HFE professionals to contribute to the Puget Sound.

Visit: <https://pshfes.org/> for more details

PUBLISH IN *ergonomics in design* AND IMPROVE THE DESIGNED WORLD.

The mission of *Ergonomics in Design (EID)* is to improve the usability of design. It's read by a wide range of professional designers, as well as human factors/ergonomics professionals and academics. It provides information about both physical and cognitive ergonomics/human factors that designers, engineers, and social scientists who work with design teams can use.

What types of articles get published?

We're looking for articles that:

- Describe new methods for making design more usable.
- Provide case studies of successful application of human factors/ergonomics to design.
- Describe interesting research findings that have implications for design decision making.

EID articles cover a wide range of applications, including:

- **Product design**—e.g., consumer products, robotics, office equipment, medical devices
- **Environmental design**—e.g., architecture, wayfinding systems
- **System design**—e.g., transportation, voting systems, emergency-response systems
- **Information design**—e.g., software interfaces, signage, warnings, instructions
- **Process design**—e.g., services, manufacturing systems

Why should I submit my work for publication in *EID*?

Publishing in *EID* is a way to expose your work to a wide audience of designers, engineers, and social scientists who work in design. And *EID* is a refereed journal, so an article published in *EID* carries something of a warrant for its validity.

Who can I contact if I have further questions?

Editor-in-Chief • Rammohan Maikala, PhD
rammohan.maikala@providence.org

HFES Publications Manager • Kate Jacobson
312.673.5462 • kjacobson@hfes.org

Where can I submit my work?

Submit your article at:
<http://mc.manuscriptcentral.com/ergonomicsindesign>

 Human Factors and Ergonomics Society
2025 M Street NW, Suite 800, Washington DC
20036 | 202.367.1114, <http://hfes.org>
